THE OFFICE OF TIBET

241 EAST 32ND STREET, NEW YORK, NY 10016

MESSAGE

The Office of Tibet, New York is delighted to know that the Prajnopaya Institute and Foundation is hosting the 2007 “Mandala Project: Aesthetics, Contemplation, and Education” at the Massachusetts Institute of Technology (MIT) in Cambridge, MA.

We would like to commend Venerable Tenzin LS Priyadarshi and MIT Prajnopaya for their efforts in the preservation and dissemination of contemplative methods to a wider audience. “Mandala @ MIT” is a wonderful intersection of tradition and technology. As a student of His Holiness the Dalai Lama, Venerable Tenzin seems to have learnt and inherited both philosophical and technological interests of His Holiness.

We are also appreciative of the humanitarian activities of MIT Prajnopaya Foundation in India, Sri Lanka, Nepal, and Tibet among the disadvantaged population. All of these efforts for the betterment of humanity are in harmony with the vision of His Holiness the Dalai Lama. It is wonderful to see so many young bright minds working together out of their sense of care, concern, and responsibility for all.

The Office of Tibet wishes the Mandala Project at MIT all the success in raising awareness and in designing more spiritual, educational, and humanitarian programs for the benefit of many.

Best wishes,

Tendar
